## **THE BOAT.**

The newest and most anticipated addition to the **BKVENUES PORTFOLIO** is a 96-foot yacht that sits on the Brooklyn side of the East River with tremendous Manhattan views. Embark on a chartered experience from Greenpoint's Terminal District with up to 120 of your closest friends, clients, and/or colleagues for a private event or company outing.

## **THE BASICS.**

This 3-hour charter experience starts with guest arrival to a private parking area, then to a private dock which boasts some of the best NYC views Brooklyn has to offer. This newly fabricated floating dock can host a cocktail/mixing-mingling component which is a great start to the experience. The Royal Princess doesn't require you to choose off a set menu or drink offering so you can BYOB or BYOV (Bring Your Own Vendors), making the experience simple, convenient and affordable. Included in the rental is a captain and two deck hands to ensure a great trip!

## **QUICK FACTS.**
